Interdisciplinary Minor in Entrepreneurship Declaration

The entrepreneurship minor fosters development of a creative, visionary mindset and spirit and prepares students to be opportunity seekers and creators that identify, evaluate, and implement innovative, value-added solutions. The minor includes discipline-specific course clusters intended to aid students' course selection. Students may select courses within a single cluster, or across multiple clusters, to best meet their interests and professional goals. Courses may have prerequisite and/or other restrictions. For example, students must have a major in the BBA program in Mays Business School to be eligible to take any 300-499 level Mays courses. Complete information regarding this minor is available in the catalog at: https://catalog.tamu.edu/undergraduate/interdisciplinary/entrepreneurship-minor/#text. Students with the USBU major will not be allowed to use this minor to complete degree requirements.

A GRADE OF “C” OR BETTER IN EACH COURSE USED FOR THE MINOR IS REQUIRED.
